Press Releases Portfolio Recovery Associates Reports Third Quarter 2007 Results

NORFOLK, VA, Oct 29, 2007 (MARKET WIRE via COMTEX News Network) -- Portfolio Recovery Associates, Inc. (NASDAQ: PRAA), a company that purchases, collects and manages portfolios of defaulted consumer receivables and provides a broad range of accounts receivable management services, today reported net income of \$11.7 million, or \$0.75 per diluted share, for the quarter ended September 30, 2007.

Separately, the Company announced that it recently reached agreement with its bank group to increase its credit line to \$270 million, from the existing \$150 million, under terms similar to its prior facility.

The Company's third-quarter 2007 earnings represent growth of 4% from net income of \$11.2 million, or \$0.70 per diluted share, in the same period a year earlier. Net income during the quarter was reduced by approximately \$665,000, or 4 cents a diluted share, of additional interest expense, net of tax, compared with the prior year, stemming from both the Company's debt purchasing activity and its capital structure optimization plan, which included the third-quarter repurchase of 900,000 shares of common stock at an average price of \$50.41 a share. This stock repurchase completed Portfolio Recovery Associates' previously announced 1 million share buyback program.

Total revenue in the third quarter of 2007 increased 14% to \$54.6 million, up from \$47.8 million in the year-earlier period. Total revenue consists of cash collections reduced by amounts applied to principal on the Company's owned debt portfolios, plus commissions earned from its fee-for-service businesses. During the third quarter of 2007, the Company applied 29.2% of cash collections to reduce the carrying basis of its owned debt portfolios. This included a \$1.2 million net allowance charge, equivalent to approximately \$730,000 after tax, or 5 cents a diluted share, against certain pools of finance receivables accounts.

"Portfolio Recovery Associates turned in a solid third quarter of 2007, though not the performance we desired. Increased interest expense, a higher-than-normal allowance charge, and sharply increased staffing during the quarter combined to limit earnings growth. However, we have taken significant steps to address collector productivity and had a very substantial portfolio-buying quarter, spending a total of \$57.4 million. Already, this represents a record full year for portfolio acquisitions and underscores both the underlying strength and growth prospects for our business," said Steven D. Fredrickson, Chairman, President and Chief Executive Officer.

The Company's earnings for the first nine months of 2007 totaled \$37.6 million, or \$2.35 per diluted share, compared with \$33.1 million, or \$2.06 per diluted share, for the first nine months of 2006. Revenue for the first nine months of 2007 was \$163.4 million, compared with \$139.4 million in first nine months of 2006.

Financial and Operating Highlights

-- Cash collections rose 9% to \$65.2 million in the third quarter of 2007, up from \$59.7 million in the year-ago period. Call center collections increased 15%, legal collections increased 9% and purchased bankruptcy collections fell 15% when compared with the year earlier period.

The table below displays our cash collections by source, by quarter:

Purchased Bankruptcy \$ 6,317 \$ 6,231 \$ 7,223 \$ 7,390 \$ 6,645 \$ 4,447

- -- Productivity, as measured by cash collections per hour paid, the Company's key measure of collector performance, stands at \$142.26 for the first nine months of 2007, down just slightly from \$146.03 for all of 2006. Excluding the impact of trustee remittances from purchased bankrupt accounts, the comparison is \$129.35 for the first nine months of 2007 vs. \$132.15 for all of 2006.
- -- The Company purchased \$2.6 billion of face-value debt during the third quarter of 2007 for \$57.4 million, the third-largest amount the Company has spent on debt acquisitions in a single quarter. This debt was acquired in 59 portfolios from 23 different sellers. Portfolio spending for the first nine months of 2007 was a record \$160 million, higher than any previous full-year total.
- -- The Company's fee-for-service businesses generated revenue of \$8.5 million in the third quarter of 2007, up 40% from \$6.1 million in the same period a year ago.
- -- The Company's cash balances were \$14.5 million as of September 30, 2007, down from \$15.0 million as of June 30, 2007, as a result of the strong portfolio buying and the share repurchase completed during the third quarter. Also during the quarter, the Company drew \$62.0 million on its line of credit, leaving it with \$100 million in outstanding debt at quarter's end.
- -- The Company's RDS subsidiary made a small acquisition during the quarter, acquiring a majority of the assets of a Louisiana-based firm that specializes in insurance premium tax administration. The acquisition gives RDS not only a new business expertise, premium tax administration, but also more than 100 new clients and a new geographic footprint in the state of Louisiana.

"In the third quarter of 2007, Portfolio Recovery Associates kept its sights on the long term. To begin, we followed through on our share repurchase program, buying back the final 900,000 shares of our planned 1 million share buyback. At the same time, in an opportune buying environment we were able to deploy more than \$57 million on new purchases of charged-off debt at what we believe should be good returns. Finally, aggressive staffing in response to already record-breaking 2007 debt purchases increased compensation expense but positioned us to move a greater volume of debt through our collection operations in the quarters and years to come," said Kevin P. Stevenson, Chief Financial and Administrative Officer.

Conference Call Information

The Company will hold a conference call with investors today, Monday, October 29, 2007, at 5:30 p.m. EDT to discuss its third quarter results. Investors can access the call live by dialing 800-510-0178 for domestic callers or 617-614-3450 for international callers using the pass code 11570423.

In addition, investors may listen to the call via a taped replay, which will be available for seven days, by dialing 888-286-8010 for domestic callers and 617-801-6888 for international callers using the pass code 25920547. The replay will be available approximately two hours after today's conference call ends. Investors may also listen via webcast, both live and archived, at the Company's website, www.portfoliorecovery.com.

Portfolio Recovery Associates is a full-service provider of outsourced receivables management and related services. The Company's primary business is the purchase, collection and management of portfolios of defaulted consumer receivables. These are the unpaid obligations of individuals to credit originators, which include banks, credit unions, consumer and auto finance companies, and retail merchants. Portfolio Recovery Associates also provides a broad range of collection services, including revenue administration for government entities through its RDS business, collateral-location services for credit originators via IGS Nevada, and fee-based collections through Anchor Receivables Management.
