(Nasdaq:PRAA), a global leader in acquiring and collecting nonperforming loans, has announced a public tender offer to purchase 100% of the shares in Warsaw-based DTP S.A. The offer price represents a 16% premium to the 3-month weighted average share price. Prior to the announcement of the tender offer, shareholders of DTP representing approximately 65% of DTP's shares entered into irrevocable undertakings to tender their shares in response to the offer.

Steve Fredrickson, chairman and chief executive officer of PRA Group, said, "Poland has a very active market for consumer NPLs and we believe DTP presents us with an opportunity to build a good foundation for growth in the market. This acquisition aligns with our goal of bringing some operational capabilities in Europe in-house and further expands our ability to leverage our operational efficiencies."

Robert Ditrych, chief financial officer and vice chairman of Paged Group, said, "We support this transaction by committing our 49.5% of DTP shares to this tender. PRA Group's offer for DTP represents a good outcome for DTP shareholders. The Company will be able to accomplish more through the cooperation with the premier international debt buyer than it could as a stand-alone Company."

Completion of the transaction is subject to certain customary conditions, including tenders being received in respect of at least 80% of the outstanding DTP shares, as well as Polish Anti-Monopoly Office (UOKiK) approval. Provided that the number of Shares subscribed for under the tender offer is sufficient, following its completion, PRA intends to initiate the process to withdraw DTP shares from public trading and delist the company from the Warsaw Stock Exchange.

The subscription begins on March 18, 2016 and expires on April 18, 2016. Subject to the satisfaction of the closing conditions, PRA expects the tender offer to have a settlement date of April 26, 2016, at the earliest.
