Portfolio Recovery Associates Reports Fourth Quarter and Full Year 2008 Results

EPS Totals \$0.69 in Quarter as Cash Collections Rise 22% to \$79.2 Million; Revenue Up 17% to \$67.0 Million; Portfolio Acquisitions Total \$61.5 Million

NORFOLK, VA. Feb 12, 2009 (MARKET WIRE via COMTEX) -- Portfolio Recovery Associates, Inc. (NASDAQ: PRAA), a company that purchases, collects and manages portfolios of defaulted consumer receivables and provides a broad range of accounts receivable management services, today reported net income of \$10.6 million, or \$0.69 per diluted share, for the quarter ended December 31, 2008.

The Company's fourth-quarter 2008 profit represents a 1% decline from net income of \$10.7 million, or \$0.70 per diluted share, in the same period a year earlier.

Total revenue in the fourth quarter of 2008 increased 17% to \$67.0 million, up from \$57.3 million in the year-earlier period. Total revenue consists of cash collections reduced by amounts applied to principal on the Company's owned debt portfolios, plus commissions earned from its fee-for-service businesses. During the fourth quarter of 2008, the Company applied 39.3% of cash collections to reduce the carrying basis of its owned debt portfolios, compared with 28.2% in the fourth guarter of 2007. The 2008 amortization rate included an \$8.9 million allowance charge, equivalent to approximately \$5.4 million after tax, or 35 cents per diluted share, against certain pools of finance receivables accounts.

"In the face of a credit crunch and an economy falling into recession, Portfolio Recovery Associates held its ground -- and more -- in 2008. The Company's continued diversification into fee-based businesses, including the acquisitions of MuniServices and Broussard Partners' assets during the year, helped mitigate the effects of a slowing economy on owned-portfolio collections. While allowance charges did impact our bottom-line results, business remained solid and cash flows were strong, allowing us to spend a record \$280 million on portfolio purchases for the full year and position the Company for long-term growth," said Steven D. Fredrickson, Chairman, President and Chief Executive Officer.

The Company's full year 2008 earnings totaled \$45.4 million, or \$2.97 per diluted share, compared with \$48.2 million, or \$3.06 per diluted share, for all of 2007, Full year 2008 revenue was \$263.3 million, up 19.3% from \$220.7 million in 2007.

This was driven by cash receipts of \$98.1 million, up 30% from \$75.7 million a year earlier. Cash receipts is comprised of both cash collections and revenue from the Company's fee-based businesses.

Remaining borrowing availability under the line was \$96.7 million at December 31, 2008.

"Portfolio Recovery Associates performed solidly in the fourth quarter of 2008, concluding a year that saw more than its share of economic turbulence. The Company's strong cash flow allowed us to invest more than \$60 million in pools of distressed debt, while only making net draws of \$1 million on our line of credit. Results were negatively impacted by a sizable \$8.9 million allowance charge. However, our fee businesses hit on all cylinders, posting record revenue in the fourth quarter and helping keep EPS nearly even with 2007 despite a significant deterioration in economic conditions," said Kevin P. Stevenson, Chief Financial and Administrative Officer.
